

Open Morris Web Officer Report

1. Domain Names:

a. The domain name open-morris.org is registered to Open Morris with 123-reg.co.uk. The domain is currently registered until 3 Jan 2027

b. The domain names jmodayofdance.com and thejmo.org are registered to Joint Morris Organisations with 123-reg.co.uk. The domain is paid for on behalf of the three morris organisations.

2. Hosting: The websites and email facilities are currently hosted by Hills Associates, the trading name of Malcolm Hills, on behalf of Open Morris. The annual cost for hosting is £259.06. This is invoiced annually.

3. Web Site

a. The website is built on the WordPress CMS platform using a premium professional theme (Enfold). Open Morris has purchased a lifetime single site license for Enfold.

b. The Web Site is designed to provide as much information as possible for members and the public. All Open Morris Documents are available for viewing online and can be downloaded for offline viewing.

c. I am currently updating the site to improve accessibility. If you require any accessible features adding, then please let me know and I will endeavour to provide suitable facilities.

d. Usage: The website attracts approximately 75,000-page hits per month. Full detailed statistics are available on request.

The site is large and complex and sometimes things don't quite work, particularly with the numerous varied devices and browsers now available. Often the only way to know that something is broken is to be told by the users. Please do not hesitate to let me know if anything is not behaving the way you think it should.

4. Finally, whilst I might be technically competent to maintain our web presence, I am not particularly creative; I am therefore more than happy to receive criticism and suggestions to make it easier to use.

Malcolm Hills

Web Officer
